Czech Riots Killed 4, 277 Wounded

By GENE KRAMER
Associated Press Writer
PRAGUE (AP) — Czechoslovakia's Communist government says four persons were killed and 277 wounded—including 246 troops and police—in last week's violence in Bohemia and Moravia. It reports 1,893 were arrested, 1,797 others were questioned.

No figures were given for Slovakia. Hospital checks by newsmen gave higher totals for the dead and wounded among the demonstrators who poured into city streets on the first anniversary of the Soviet invasion.

The government said Monday night four demonstrators were killed, not five as it had announced. But newsmen had established four deaths in Prague, the capital, and another four in Brno, the nation's second largest city.

Property damage in three days of disturbances in Prague totaled approximately \$250,000, while in Brno it was reckoned at \$187,500, the Interior Ministry said.

The government said 78 foreigners were picked up, including 19 Americans. It did not say if any were held after questioning. U.S. Ambassador Malcolm Toon went to the Foreign Ministry over the weekend seeking information about detained Americans, the embassy said, but learned nothing.

In an attempt to counter reports of police brutality, the

government said eight times more soldiers and police were injured than demonstrators. The Communist party newspaper Rude Pravo said this in itself disproved the reports of police brutality.

ASC Elections Scheduled in Hempstead

Farmers will soon get a last-minute reminder about important elections of ASC farmer-committeemen who will serve for the next year as local administrators of national farm-action programs.

According to Ralph Montgomery, Chairman, Agricultural Stabilization and Conservation County Committee, eligible voters of Hempstead County will cast ballots for community committeemen by mail during the period of September 9 through 18. All ballots must be returned in person or mailed to the Hempstead County ASCS Office by midnight September 19, 1969. Failure to heed this deadline date will result in such ballots not being counted.

Qualified voters in the election are all farmers who are eligible to take part in one or more of the farm programs which the committee administers. Lists of eligible voters in each community are available in the ASCS county office.

The community committee consists of a chairman, a vice chairman and a third regular member, as well as two alternates. The regular members of the committee also serve as delegates—and the alternates as alternate delegates—to a county convention, where farmers will be elected to fill vacancies on the ASC county committee.

The Chairman stressed the importance of electing representative farmers as committeemen in view of their broad program responsibilities. Programs administered by the committee include the Agricultural Conservation Program, the Cropland Adjustment Program, acreage allotments, marketing quotas, commodity loans, the feed grain program the wheat program, the upland cotton diversion program, the Sugar Act program, the national wool program, and farm storage facility loans. Other duties are assigned to the committees by the Secretary of Agriculture as the need arises.

Last year, about 50 farmers—or approximately 50 percent of all the farmers in Hempstead County—took part in one or more programs administered by the ASC committees. Funds disbursed under the committees' supervision amounted to \$600,807 including \$353,920 for price-support market, \$38,866 in price-support payments and \$62,755 in diversion payments under commodity programs, and \$63,008 as the Government's share of the cost of conserving local farmland resources under the Agricultural Conservation Program.

Chairman Ralph Montgomery urged all qualified voters to be sure to cast their ballots. Eligibility to vote or hold office as a committeeman is not restricted by reason of sex, race, color, religion, or national origin.

Tricia Nixon Admitted to Hospital

SAN CLEMENTE, Calif. (AP) — Tricia Nixon, 23-year-old daughter of President Nixon, was admitted to Walter Reed Army Hospital in Washington, D.C., today for observation for abdominal pains, the Western White House announced.

President and Mrs. Nixon, vacationing here, were reported awaiting word on hospital examination to determine their daughter's illness.

Gerry van der Heuvel, said, Tricia, who had returned to the White House from San Clemente Sunday, did not feel well all day Monday, but told no one about it

For a lot of drivers, excuses for not wearing safety belts made their last holiday, their very last holiday.

What's your excuse?

TRYING TO (from page one)

to do everything around this house?"

"Congratulations, honey," I told her.

"Why?"

"Because that's the first time in weeks I've heard you use a complete sentence. I thought perhaps you'd forgot how to."

"Poor old Daddy," she said, coming over and surprising me with a kiss. "You must get awfully tired of having a teen-age daughter sometimes, don't you?"

Not tired so much, but worried. Like every parent of a teen-ager, I wonder what the future will bring. Teen-agers seem so unprepared for real life.

"You don't have to worry about me," says Tracy, whenever she feels even halfway serious. "I've got everything all figured out. After college, I'll join the Peace Corps, or something, and then I'll marry a millionaire and live happily ever after."

"Just like that?" I ask.

"Just like that, Daddy."

Well, it is nice to lead a well-planned life, isn't it?

except a White House maid. When she felt increasingly worse today, she called the White House physician, Dr. Walter Tkach, in San Clemente.

Tricia was subsequently taken to Walter Reed, where she was admitted to Ward 8 for observation.

Declares War End Would Not Mean Windfall

By FRANCES LEWINE
Associated Press Writer
SAN CLEMENTE, Calif. (AP)

The Nixon administration is seeking to dispel any idea that the nation will have a financial windfall for domestic programs when the Vietnam war ends.

It sees the possibility that defense spending after peace comes may even be higher than it is now.

President Nixon's urban affairs adviser, Daniel P. Moynihan, said Monday "there is not likely to be anything like the free resources we had hoped for."

"We're not going to have the dream world people thought after the war is over," Moynihan said.

He gave this assessment after a three-hour Urban Affairs Council meeting with Nixon at the Western White House, devoted to a detailed analysis of what the American economy can be expected to do over the next five fiscal years and the question of national priorities on spending.

In preparing for the transition to a peacetime economy, Nixon called for a study by a group headed by Dr. Herbert Stein of the Council of Economic Advisers. It was their report that the Urban Council took up Monday at the longest meeting it has held.

Asked if he could elaborate on

why the money now being spent on Vietnam, would not be available for peaceful purposes after the war ends, he said: "I think the real accurate question is: 'Who thought it was going to be in the first place?'"

Moynihan said "we see a country that is strong and prospering and going to become stronger and more prosperous but we also see a country that has a lot of problems today because, 10, 15 years ago this effort to anticipate change and make decisions about priorities did not occur."

Moynihan noted that there are built-in expenditures in the nation's budget that are constantly increasing, such as Medicare and education. The new welfare programs Nixon has proposed and expects Congress to pass, he said, will add billions.

He pointed to the \$4.2 billion family assistance program, revenue-sharing with states and cities expected to reach \$5 billion a year by 1975, and a mass transit program at a 12-year cost of \$10 billion.

He said the Defense Department also will have to replace some resources depleted by the Vietnam war.

Asked whether he was leaving open the possibility of a larger defense budget after the war, Moynihan said "by definition that is a possibility, yes."

Moynihan said a January economic report issued under the Johnson administration which anticipated some \$22.5 billion would be available within 18 months after the end of the Vietnam hostilities "simply was not realistic."

Calendar of Events

TUESDAY, AUGUST 26
A reminder of the Service-men's Wives Club get together at the home of Mrs. Albert Patton, 504 N. Elm, on Tuesday, August 26, at 7:30 p.m. for fellowship and refreshments. Bring the children and a friend!

WEDNESDAY, AUGUST 27
The Junior Auxiliary will meet Wednesday August 27 at Chamber of Commerce at 10 a.m. The executive board will meet at 9:30 a.m.

The Jett B. Graves Class of the First United Methodist will have a Pot-luck party in the recreation room in the church, Tuesday August 26, at 7 p.m. Hostess are Mesdames James McLarty, Everett Vinson, Leola Futrell, Bill Mudgett, and Bob Jones.

THURSDAY, AUGUST 28
Hope Country Club will have a Dessert Bridge Thursday, August 28 at 12:30 p.m. Hostess are Mrs. Charles R. Moore, Mrs. Henry Seamens, Mrs. E. E. Waffell.

SATURDAY, AUGUST 30
Hope Country Club will have a Las Vegas Party Saturday, August 30 at 7:30 p.m. Games and prizes followed by dancing. Host couples are Mr. and Mrs. Jim Lockart, Mr. and Mrs. Jamie Russell, and Mr. and Mrs. Don Barranco.

87TH BIRTHDAY CELEBRATED
C.M. Rogers was honored on his 87th birthday, August 16th, with a dinner at the home of his daughter, Mrs. Olin Purcell. Those attending were Mr. and Mrs. H. Ross, Gleghorn; Mr. and Mrs. Tom Duckett; Miss Mary Sue Duckett; Mr. and Mrs. Tim Duckett; Johnny, Julie and Mark Duckett; Mr. and Mrs. Jesse Duckett; Mr. and Mrs. Olin Purcell; Mr. and Mrs. Pod Rogers; Doug and Brad Rogers; Mrs. Rosie Whitten; Mr. and Mrs. Munzie Valentine; Miss Sharon Rogers and Mrs. Barbara Purcell, all of Hope, and Mr. and Mrs. John Clark of Stephens.

SHOWER FOR BRIDE-ELECT CAROLYN MILLICAN
Miss Carolyn Millican, bride-elect of Mr. James E. Hicker-son was complimented recently with a miscellaneous shower in the Douglas Building. Hostesses for the occasion were Mrs. Linton Crank, Mrs. Joe Eason, Mrs. Bob Whitmarsh, Mrs. Denver Dickinson, Mrs. Earl Downs, and Mrs. Ar-

dell Clark.
The honoree, dressed in a tulle dress of white polyester accented in red and navy, was presented a corsage of white carnations. White and yellow daisy corsages were given to the mothers of the bride and groom.

Miss June Ann Downs greeted the guests. Miss Sherry Crank presided at the guest book.

The serving table was covered in white taffeta, overlaid with lace applique net. White satin bows and miniature wedding bells decorated the corners. In the center of the table was an arrangement of white carnations and green bells of Ireland.

Lime punch, nuts, mints, and iced cake squares were served to the guests.
The honoree received many lovely and useful gifts.

BATSON-NUNN ENGAGEMENT RACHEL ANDRESS BATSON

Mr. and Mrs. Charles Franklin Batson, II of Hope announce the engagement and approaching marriage of their daughter, Rachel Andress, to Roger Eugene Nunn, son of Mr. and Mrs. James Thaddeus Nunn of Little Rock.

Miss Batson is presently attending Henderson State College where she is a Junior, a member of the Alpha Gamma Chapter of the Alpha Sigma Tau Sorority, Young Republicans, Readers Theatre, Masquer's Drama Club, AWS, and the Army ROTC Scout Guard.

Mr. Nunn is a graduate of Henderson with a BA degree where he was a member of the Kappa Iota Chapter of the Theta Xi fraternity, HSC Mental Health Association, Young Republicans, and IFC Representative.

The wedding vows will be pledged October 3, 1969 at the First Baptist Church in Hope.

Coming, Going

Mrs. Ruby Hartsfield and Shannon of DeQueen visited Monday with her parents Mr. and Mrs. Farley Davis of Bodcaw.

Sgt. Sam Davis, USAF is on leave for 30 days from Seattle and is also visiting his parents.

Mrs. Leo Hartsfield has returned from a visit in DeQueen.

Mrs. Lois Russell and Mrs. Charles Harrell are spending the week-end in Dallas with Mr. and Mrs. D.B. Russell and Randy.

Plastic Jewelry

If baubles, bangles and beads are on your mind but not on your budget, why not try some of the new plastic jewelry? The bright colors and intricate design of these pieces are eye-catching.

Television and Radio

By CYNTHIA LOWRY

AP Television-Radio Writer HOLLYWOOD (AP) — "The Survivors," ABC's multi-million dollar dramatic series that is to bring Lana Turner to weekly television, is playing a nervous game called "Waiting for Brazil."

After almost two years of planning and almost a year of shooting, exactly one "chapter" — the first — is finished and the premiere date is only about a month away.

"I've been totally involved in this for 18 months," said Miss Turner, a worried frown on her face, "but it is nothing but changes."

One of the 11th hour changes in the original outline by best-seller writer Harold Robbins was the introduction of a Greek tycoon who as an impoverished tour guide 19 years before had fathered the child of Tracy Carlyle — that's Lana. After a frantic hunt for the right actor, Rosano Brazzi was cast in the part but Brazzi has been tied up in his native Italy with a movie and has not arrived in this country yet.

"We have shot the scenes without Brazzi in the next seven shows," continued Miss Turner, "so when he comes we'll just turn to him and everybody will work with him. Anyway, the script for the ninth chapter is being re-written."

Robbins sold the series to ABC on the strength of an eight-page synopsis of a story line that has since almost disappeared. He had once shared office space with Lana's sixth husband, Robert Eaton, and through this contact, she became interested. Since then the Eatons have been divorced, Lana has remarried, and Robbins is far from Hollywood.

Successive relays of script writ have come in, show has its third producer and everybody, including its star, is unhappy.

Miss Turner toyed with a cigarette as she sat in her studio dressing room and fretted: "What keeps bothering me is that everything that I have built up over 30 years in motion pictures could go down the drain," she said. "I had done some television appearances before — with Bob Hope, Dinah Shore, the Smothers Brothers and Carol Burnett. I was a nervous wreck before and during those shows

and a spastic case later, but I thought a series would be different."

"This started out with Tracy being something of a swinger but that's all changed. Each chapter is written by different writers and each has a new director and I keep asking myself who I am. We shot for five weeks in France and can't use one inch of the film because the story has been changed. I think I've laughed once — I keep saying we've got to get some humor in this thing."

There have been reports of personality differences between the members of the cast which, if true, might be attributed to the bad cases of nerves afflicting everyone.

Miss Turner says that it is a "strong company." George Hamilton plays her half brother; Kevin McCarthy, her husband; and Ralph Bellamy, her father. The general impression is that, in its form and in its substance, it will be a night-time soap opera. After all, everybody is beset by emotional problems. But instead of being just plain folks drinking coffee in Central City, these people are awfully rich and terribly social. They jet-set around and wear gorgeous clothes.

Miss Turner, whose tragedy-dogged personal life reads like the outline for a soap opera, will be playing a chic woman of 40 although the calendar gives her another nine. She looks great and not a day over 35.

Each year there is one new show reported to be in really big trouble — with scripts, with intra-mural sniping. That does not necessarily mean it will be a disaster. After all, several seasons back it was "The Virginian" — which will soon start its eighth year.

If "The Survivors" can get hold of Brazzi and catch up with its production schedule, it could still turn out to be a hit along the lines of "Peyton Place."

Calendars Go Psychedelic

Calendars are even going psychedelic. Dating from September to September for the school year, the "Love Calendar" retails for \$1.50 and is available in department stores, card and stationery stores, etc.

Outside Marks Better

It's more hygienic to use measuring cups with divisions marked on the outside. Inside divisions are indented, making it difficult to clean out residues of sticky or greasy foods.

HELEN HELP US!

by Helen Bittel

THIS TOWN HAS HIPPIE- UPTIGHTS

Dear Helen: Since a hippie settlement started in the hills above our little town, it's like Civil War. We even have a northern version of the Ku Klux Klan, except they're out after "hippie lovers" and of course our "unwanted visitors."

Recently my girl friend and I were sitting in a building and a woman walked up and demanded, "Where are your shoes?" I politely said "We left them home — it's summer." She bawled me out and then went to my father and gave him a good dressing down. Seems going barefooted makes us "pro-hippie."

Two days later I wore a peace emblem to a rummage sale, and got thrown out. Is it evil to believe in peace?

That afternoon we were walking from the town pool where we teach swimming. We had covers over our suits, but again no shoes. Someone called the pool manager and told him to fire us as we were hippies!

Helen, we're just ordinary teens who come from ordinary families. We don't hate the hippies, but we haven't joined them either. We believe everyone should do his own thing.

This "Civic Betterment Committee" is as bad as the old time vigilantes. They even destroy property and business houses of the people they accuse, and the accusations are like witch hunts! Must we even dress to suit the female busy-bodies, and boycott certain stores to suit the male bigots?

Maybe the hippies do create a sanitary problem and bring in drugs, but this is up to the law, not a bunch of wild "civic leaders" who are ruining our once happy little town.

What's wrong with these people anyway? — US

Dear Us: These witch hunters have a bad case of hippie-uptights, and the only cure is a dose of common sense, administered by the majority. The vigilante thing is happening in many areas where nearby hippie communes threaten property values and affront rigid moralists (who are usually the most bloodthirsty).

Let's hope your parents and other wiser adults don't let bigotry become "law" in your town!

Dear Helen: My boyfriend thinks nothing of coming to my house with food, then eating it in front of my family, without offering any to us. I told him I didn't think this was right, so he doesn't have to share it. Yet he helps himself to anything in our refrigerator. And get this: When he brings food and doesn't finish it, he expects us to store it so it will be waiting when he comes back. My little sister ate one of his candy bars, and WOW! I said if that's the way he feels, stay out of our food. Was I right? — Confused.

Dear Con: You were right, though I'd make it a bit stronger. Like "Stay out!" PERIOD! Who needs a chintzy, selfish boyfriend? — H. Dear Helen: My problem is I can always see the other side of the question. Take the Vietnam War. I hate it, yet I know South Vietnam, needs help. I never have an opinion I can't argue with. So I'm always debating but hardly ever winning. Is something wrong with me? — FROM ALL SIDES

Dear From: Something is very RIGHT with you! An open mind gives your brains room for exercise. You aren't afraid to THINK. When you see there is right and wrong in almost every situation, you're better equipped to help change the wrong to right. — H.

Don Hutson Named to All Star Pro Team

By MIKE RATHET
Associated Press Sports Writer
NEW YORK (AP) — Receiver Don Hutson and quarterback Arnie Herber, who formed the first great passing combination in pro football, were named today to an all-1930s team commemorating the National Football League's 50th anniversary.

The two Hall of Famers, who brought their talents together for the Green Bay Packers, were among 25 players named to the second of the decade teams honoring the outstanding players of the NFL's first half-century.

To commemorate that 50 years, the NFL, with Simon and Schuster, is publishing a book called "The First Fifty Years," which punctuates the history of pro football's first major league through the selection of five decade teams leading to an all-time All-NFL team.

Hutson and Herber made the pass a major weapon in the ground-oriented NFL during the 1930's, Hutson winding up his career with 488 receptions, 7,991 yards and an even 100 touchdowns. Herber, whose records are incomplete, passed for 8,033 yards in the air.

Hutson who played both ways in the era of one-platoon football, actually was a specialist—a receiver without equal during his career, and the innovator who was the first player to develop a full repertoire of offenses.

Before him receivers merely had run straight routes to their assigned area, but Hutson developed the technique of what is now called the pass pattern. He was so far ahead of his time as a receiver that he led the NFL eight of his 11 years.

New York—Add NFL Alltimers, 114 Sept. 11 years.
The all-1930s team name, years played, teams:

No Decision as Yet for Pro Cagers

By TED MEIER
Associated Press Sports Writer
NEW YORK (AP) — The country's two professional basketball leagues, the old established NBA and the young ABA, were at loggerheads today with the opening of the new season only a month away.

And this only a few weeks after a joint statement by the National Basketball Association and the American Basketball Association that meetings had been held to "explore the possibility of cooperative arrangements between the two professional leagues."

The NBA on Monday announced it had broken off the talks over what Walter Kennedy, commissioner of the 24-year-old league, termed a "breach of good faith in the negotiations procedures."

"At this time," Kennedy said, "the NBA does not contemplate having further meetings with the ABA."

In Greensboro, N.C., James Gardner, president of the ABA, said Billy Cunningham of the Philadelphia 76ers had been signed by the Carolina Cougars and that he knew of "15 or 20 other NBA stars who are negotiating with ABA teams."

Kennedy said the breach of good faith came when Gardner, also owner of the Cougars, failed to advise the NBA of the name of the NBA player (Cunningham) still under contract signed by the Cougars.

Kennedy cited the "ABA negotiation committee's failure to advise the NBA of the possibility of Oakland moving to Washington during the negotiating sessions" as a further breach of good faith.

The Oakland franchise was sold to Earl Foreman and shifted to Washington last week. Gardner confirmed at a press conference in Greensboro Monday that Cunningham was the NBA player signed by the Cougars. Cunningham will not play with the Cougars until the 1971-72 season after his Philadelphia contract expires.

Kennedy said he knew of no other NBA player under contract negotiating with the ABA teams. He mentioned NBA players who had signed with ABA teams in the past but "still have not played in ABA."

The NBA commissioner listed them as Clyde Lee of San Francisco, Erwin Mueller of Chicago, Jim Barnes of Los Angeles, Lou Hudson of Atlanta and Leroy Ellis of Baltimore.

The NBA breaking off of further meetings with the ABA "at this time" followed in the wake of the Denver Rockets of the ABA signing Spencer Haywood, Detroit All-American and Olympic star, last Saturday for a reported \$250,000. Haywood said he signed before his college class graduated because of his "family responsibilities."

Gardner said he still was hopeful of an eventual NBA-ABA merger.

Bobcats Return to Practice

By RALPH ROUNTON
Star Sports Writer

After resting a day and a half, the Hope Bobcats returned to the practice field twice yesterday for regular workouts before today's first scrimmage.

Head Coach Ronnie Higgins defined the drills yesterday as a little "Sluggish", as plenty of time was devoted to the offense. Plays were run and blocking techniques were repeated many times over, which has been expected with the new offensive sets.

After nearly two weeks of two-a-days, the squad numbers about 40 at this point. This number includes 16 players who joined the team after the consolidation of Yerger High which officially starts with this school year.

Heretofore, individual names of Bobcat players have been left out as far as recognition and praise go, by agreement between this writer and coach Higgins. This policy has been in effect through to the first scrimmage, for the purpose of withholding any unjustified optimism.

As in the past, all the Bobcats will be featured individually in the Star's annual football edition, which will come out the day of the first home game, September 12 against the Prescott Curley Wolves. Also that edition will include forecasts of all the teams and districts in the area.

Card Gridders Strongest in 4 Years

By CHARLIE BAROUH
Associated Press Sports Writer
ST. LOUIS (AP) — The St. Louis Cardinals, fielding possibly their strongest team in four years, will be making a determined bid for the National Football League's Century Division title this season.

The Cardinals lost only one veteran from last year's team, which finished with a rush and wound up second in the division with a 9-4-1 record. Flanker Bobby Joe Conrad departed after 11 years with the Cardinals. The Big Red replaced him with John Gilliam, picked up in a trade with the New Orleans Saints.

Gilliam, a third-year player, is a 9.5 sprinter and gives the Cardinals one of the best front-line receiving corps in the league. Dave Williams is the other wide receiver and Jackie Smith holds down the tight end spot. Both are rated terrific.

More important is the return of key players from the military. Quarterback Charley Johnson, who could spark the Cardinals to a division title, returns to full-time duty after two years limited by Army service. Knee injuries limited him for two years before that, but, with luck, there may be no limits this year.

Veteran linebacker Larry Stallings is another player returning to full-time duty after two years of playing on weekend passes. His return strengthens a pretty strong linebacker unit that complements the Cardinals' stout safeties, Larry Wilson and Jerry Stovall. Stovall was out most of last year with injuries.

"Offensively, we feel that Jim Hart continued to improve over his 1967 performance," Coach Charley Winner said, "and Charley Johnson's return should strengthen our attack."

Winner faces a delicate problem at quarterback. Johnson is back, but the less-experienced Hart has been the regular quarterback for two years. Winner probably will pick his starter quarterback on pre-season form and go with the hot hand after that.

In the end, it might be the offensive and defensive lines—and how healthy they stay—that determine St. Louis' fortune this year.

"The offensive line has been a strong and solid unit and we expect it to continue its fine performance of 1968," Winner said. "Defensively, our pass rush was greatly improved and we look for it to improve still more this year. We also wanted to reduce the number of cheap touchdowns scored against us, and achieved that goal last year."

The Cardinal offensive line is among the best in the league. The young, veteran unit failed the quarterback only 20 times last year, and sometimes it was the quarterback's fault. The defensive line may not be quite as good, but it's still good. Both units, however, have little in the way of proven reserves.

Reds Win to Go Into 2nd Place

By MIKE RECHT
Associated Press Sports Writer

While the other sardines in the National League's tightly-packed West Division rested, Cincinnati squeezed in a little more and, together with Washington, closed ranks in several other divisions.

The Reds slipped by the Chicago Cubs 9-8 Monday in the National League's only game that jumped Cincinnati ahead of Atlanta into second place by percentage points in the NL West.

The loss also cut the Cubs' East lead over the idle New York Mets to 4½ games, two games on the loss side.

Washington had an easier time getting by Minnesota 7-3 Monday night in the only American League game, bringing idle Oakland 1½ games from the first place Twins in the AL West and putting them even in the all-important loss column.

The Reds used their home run power to build a 9-4 lead, but needed some fielding finesse to stop the Cubs with only four runs in the ninth inning.

With the bases loaded and two out, Paul Popovich lined a 2-2 pitch off Pedro Ramos to right field where Bobby Tolan made a fine running catch to end the game.

Tony Perez had ripped a two-run homer in the first for Cincinnati and Lee Maye belted his 34th in the fourth, but the score was deadlocked 3-3 before Perez hit his second of the game and 32nd of the season in the sixth to put the Reds ahead to stay.

Cincinnati ran it up with two more in the seventh and three in the ninth, two on Johnny Bench's double, but found themselves in a ninth inning bind after Jim Hickman's 15th homer for the Cubs in the eighth.

Gary Nolan, 4-5, walked the first two batters in the bottom of the ninth and Wayne Granger relieved and retired the next two. But then Ron Santo doubled in two runs, Ernie Banks singled, Hickman doubled in another run and two walks forced in the fourth. That's when Ramos entered.

"I thought the ball would die and I was ready to make a diving catch," Tolan said of Popovich's liner, "but it just hung there and I grabbed it."

The grab left the Reds a half game and three percentage points behind San Francisco, two percentage points ahead of Atlanta and five points in front of Los Angeles. And fifth place Houston is only 20 points from the lead.

The Cubs, meanwhile, saw their 9½ game lead over the Mets 13 days ago shrink to 4½.

Frank Howard carried the Senators with his 40th homer and three singles, including a shocking bunt in the ninth inning that led to three insurance runs on Ed Strou's run-scoring hit and Del Unser's single for two more.

Howard's blast came in the first off Jim Kaat, 11-11, and his first single set up a decisive three-run third inning. Ken McMullen singled in two of the runs and scored the third when Rich Reese bobbled Unser's grounder.

Dick Bosman, 10-5, gave six hits and three runs before needing help from Darold Knowles in the eighth. Knowles pitched out of a two on, one out jam, and then got the last out in the ninth with two men on.

Field Goals Is Victory Margin
By THE ASSOCIATED PRESS
CALGARY (AP) — Tommy Joe Coffey's last minute field goal gave Hamilton a 27-26 victory over the Calgary Stampeders in the Canadian Football League Monday night. Coffey also had three other field goals, two conversions and a touchdown.

LION ON THE LOOSE: Penn State fullback Don Abbey rushes for short yardage in one of the NY Yankees' 11 victories last season. Abbey is one reason why Coach Joe Paterno's team is regarded the class of the East again this fall.

Either Driver Could Have the Winner

DU QUOIN, Ill. (AP) — Trainer Fred Bradbury, one of two drivers making their first appearance in harness racing's most honored stake, the Hambletonian, could well have the winner with a husky colt called Dayan.

The son of Hickory Smoke, the 1957 winner, is owned by Mr. and Mrs. Murray Tobin of Hempstead, N.Y., and Kirk Kirshstein and his son, Eric, of Fairlawn, N.J. They named him after Moshe Dayan, Israel's defense minister.

Of the nine 3-year-old trotters going in the \$124,910 Hambletonian Wednesday over Du Quoin's fast mile oval, Dayan has made the most starts this year, 14, and has the most victories, eight while earning \$75,417. In stakes races earlier this year, Dayan won over other highly-regarded Hambletonian challengers, Lindy's Pride, Gun Runner and The Prophet.

Both Lindy's Pride and Dayan are rated capable of doing 1:58 or better at Du Quoin, where the record of 1:56 4-5 was set by Ayres in 1964.

Viewpoint, driven by Harold Danver Jr., goes as an entry with stablemate The Prophet, driven by Harold Sr. The

Montreal Signs Dick Huff

MONTREAL (AP) — Montreal of the National Hockey League has announced the signing of left wing Dick Huff for the 1969-70 season. Huff, 33, scored 19 goals and had 21 assists last season.

Monday's Stars
By THE ASSOCIATED PRESS
BATTING — Tony Perez, Reds, slammed two homers and a single, driving in three runs and scoring three as Cincinnati edged the Chicago Cubs 9-8.

PITCHING—Dick Bosman, Senators, stopped Minnesota on six hits and retired 14 straight hitters during one stretch before weakening in the eighth inning in Washington's 7-3 triumph over the Twins.

The Jets bungled again in the last minute of play when Mike Battle fumbled a kickoff after Oakland scored a field goal. Oakland's George Buehler, a rookie from Stanford, recovered on the Jets' 25.

The Raiders led all the way but Lamonia, playing nearly three periods, had his problems. He had three interceptions. Veteran George Blanda took over at quarterback and boosted the score to 14-6 when he fired a 22-yard touchdown pass to running back Larry Todd. Blanda added a 16-yard field goal with 1:04 left to play.

Lamonia returned to the game in the last quarter, moved the ball to the New York six and then threw his final touchdown pass to rookie Drew Biele with 14 seconds left.

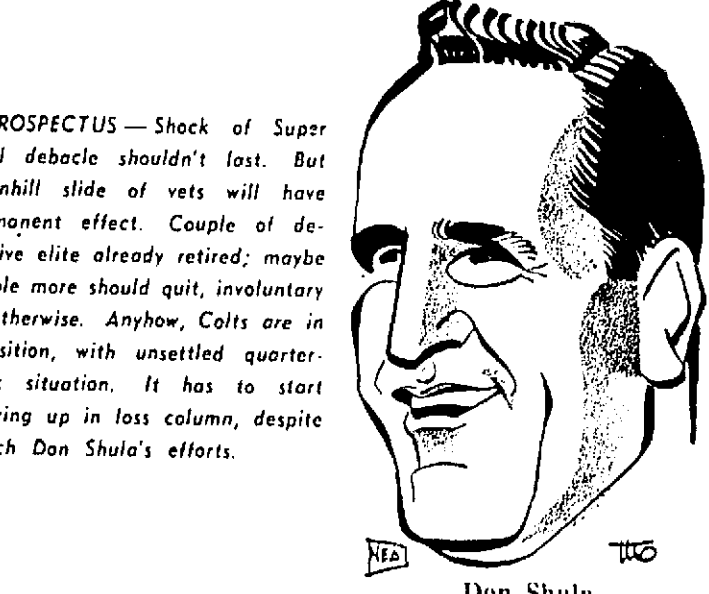

The Patriots and the Lions did little to inspire the Montreal fans. The Patriots gained just four yards during a lackluster first half. Detroit's Errol Mann kicked three of his five field goals during that time and Boston's Gino Cappelletti countered with a 37-yarder. Cappelletti booted a 31-yarder in the third period and Mann a 12-yarder before the Lions broke it open. The Lions' other score came on a two-yard touchdown run by Mel Farr.

But the city fathers in Montreal aren't giving up, although the small crowd was an obvious disappointment to both John McHale, the Expos' president who booked the game, and Gerry Snyder, the vice-chairman of the executive committee in the city government.

Snyder insisted the game between the New York Giants and the Pittsburgh Steelers Sept. 11 would be a better test.

Pro Charts

BY MURRAY OLDERMAN
AFL West: Coastal Division
Baltimore Colts

PROSPECTUS—Shock of Super Bowl debacle shouldn't last. But downhill slide of vets will have permanent effect. Couple of defensive elite already retired; maybe couple more should quit, involuntary or otherwise. Anyhow, Colts are in transition, with unsettled quarterback situation. It has to start showing up in loss column, despite Coach Dan Shula's efforts.

PASSING—So what if Johnny U. is 36 years old and scarred by 14 campaigns? He has looked great in early testing of arm. Yet Earl Morrall, 35, with equal experience, has been exceeding Johnny U. So Shula is not complaining. Just keeping his fingers crossed one of the old vets holds up. Rating—B+.

RECEIVING—Same unit because Jimmy Orr seems to improve with age, and you can't ask for better than John Mackey at tight end, Willie Richardson at split end. Ray Perkins keeps pushing for more action, and now there's prize rookie, Eddie Hinton. Tom Mitchell's also handy when Shula wants to pair right ends for tougher blocking. Rating—A-.

RUNNING—Freek off-season knee injury to Jerry Hill balled up all plans. Hill still expected back in September, but meanwhile rings of desperation with pickup of Perry Dunn from Atlanta. Right now, Terry Cole's the fullback though, with Tom Matthe at halfback. Preston Pearson jacks up running when he comes in, but diminishes blocking. Still possibility of trade. Rating—B.

LINE—Fixed unit, and good one. Bob Vogel's the all-pro name at left tackle, but Sam Ball on other side coming almost as strong. Danny Sullivan, Glenn Ressler at guards not flashy, but steady. And Bill Curry at center is mobile. Picked up Dan Grimm for guard support. Enough bodies around so they could switch John Williams to defense. Rating—A-.

DEFENSE
LINE—Ordele Broase finally vacated after dozen years, but Ray Hillan was already sharing time. He's been erratic in past. Can't afford to be now, with transplant Williams changing for action. Bubba Smith holds fast at other terminal, will keep getting better. Nothing wrong with tackles Fred Miller, Billy Ray Smith, though latter might need occasional breathing spell. Rating—B+.

Prediction
Second in Coastal Division. Only because once magnificent defense now shows some cracks.
(Newspaper Enterprise Ass'n.)

Montreal Fails to Draw Crowd

By SHEILA MORAN
Associated Press Sports Writer
The New York Jets, bothered by slippery fingers, and the city of Montreal, troubled by empty seats, are licking their wounds. For both, Monday was a night to forget.

The Oakland Raiders, who lost to the Jets 27-23 in last year's American Football League championship, got their revenge as they whipped the World Champions 24-6.

Hogs Going on Television This Year

By HARRY KING
Associated Press Writer
FAYETTEVILLE, Ark. (AP) — By Dec. 6, the crew that televises college football should be as familiar with Arkansas personnel as the Razorback opponents.

Arkansas will make at least two other television appearances prior to the nationally televised game against Texas on that date in Fayetteville. Some persons, apparently forgetting that the Southwest Conference is one of the most unpredictable in the country, are already predicting that the Dec. 6 game will decide the conference championship, at the very least.

The meeting will be complete with all the trappings, including Astro-Turf at the Fayetteville stadium, which will assure firm footing.

However, the Razorbacks have nine games before Dec. 6 and Coach Frank Broyles isn't about to let them forget it.

"It's a challenge to both teams to come up to that game like they want us to," Broyles said. "Everybody will be trying like the devil to beat us."

Arkansas will meet Texas Tech on national television Nov. 27 and play Texas A&M on regional television Nov. 1. There also is the possibility that the American Broadcasting Co. will select the Arkansas-SMU game Nov. 15 as one of its "wild cards."

Fifteen of the 22 players who started on Arkansas' coachman-ship team of 1968 return and that is one of the reasons ABC has high hopes for the Dec. 6 game.

One visitor to the Fayetteville pressbox watched Broyles pull out the first team after Arkansas built up a comfortable lead one Saturday last fall.

"Well," he said, "Here comes the reserves—the seniors."

The quote wasn't entirely correct, but Broyles said he would like to think that this year's team could be as good as last year's 9-1 edition.

Broyles said the major problem may be attitude.

"Last year's team was a darkhorse-type of team," he said. "Nobody expected very much and we got a lot. We'll have to be a much better team this year to come near the record of last year."

"We'll have to wait and see if they are going to be as emotional about winning as last year's team," Broyles said. "Only time will tell."

Nine of the 22 prospective starters either missed all or part of spring practice because of injuries, but Broyles said all but one or two have fully recovered.

One of those who underwent surgery was quarterback Bill Montgomery, who makes Arkansas' pro type offense go. Montgomery injured his right shoulder when dumped by Georgia tackle Bill Stanfill in the Razorbacks' 16-2 Sugar Bowl victory Jan. 1.

Montgomery has been throwing during the summer and says his arm feels fine.

"We hope he can have as good a year as last year, but he has a difficult task in front of him," Broyles said. "There's not any one thing that makes him successful, it's a combination of things."

"I think last year he proved himself to be one of the most versatile quarterbacks in college football," Broyles says. "He threw the dropback (pass) and ran three different options for us."

Montgomery stepped in as

starting quarterback last year as a raw sophomore and compiled amazing statistics. He hit on 134 of 234 passes for 1,595 yards, an Arkansas record and gained a total of 1,834 yards, another school record.

"We'll be more familiar with the offense this year," Broyles said, "but our opponents will have a year's book on our offense. Maybe it will balance out. Our big problem is not to get complicated. We managed to keep it simple last year."

Bill Burnett, the youngest of three brothers, to play for Arkansas, is not the fastest or biggest runner the Razorbacks have ever had but he could wind up as the most efficient ball carrier in Arkansas history.

He tied the school scoring record for one season with 96 points and gained 859 yards rushing on 207 attempts. Burnett, a junior, will have the advantage of following fullback Bruce Maxwell into the holes for another year. Maxwell, a 220-pounder, is the most underrated fullback in the country, according to Burnett.

Montgomery's roommate, junior Chuck Dicus, figures to break all Arkansas pass-receiving records before he graduates. Dicus, who was a running quarterback at Garland, Tex., caught 38 passes for 589 yards and eight touchdowns last year and then was named the outstanding player in the Sugar Bowl after catching 12 for 169 yards.

"Chuck has the ability, speed, quickness and hands," Broyles said. "And he's so coachable."

Broyles labeled his defense "suspect" at the beginning of the 1968 season, but eight starters from last year return and Broyles said the defense continued to develop a lot of spirit during the spring. "Like some of our great defensive teams of the past."

The biggest defensive starter probably won't top 215, but all are exceptionally quick.

Broyles intends to keep his defensive linemen fresh, as he did last year, by substituting often.

All-SWC defensive halfback Gary Adams has graduated but Terry Stewart, a two-year starter at safety, is expected to move into Adams' spot. On the other side, Jerry Moore, who intercepted seven passes last year as a sophomore, had a fine spring.

The kicking should continue to be solid with Cary Stockdell doing the punting and sophomore Bill McClard handling placements and field goals.

Broyles preached attitude during his tour of booster clubs and he'll continue to do so through Dec. 6.

"We've got to maintain our mental attitude," he says. "We've got to be ready for the onslaughts we'll face as a Top Ten team going into the fall."

Travs Keep Shreveport Dangling

By THE ASSOCIATED PRESS
Eastern Division leader Arkansas knocked Shreveport out of a mathematical shot at the pennant with a 13-6 Texas League romp past the Braves Monday night in the opener of a four-games series.

The loss—the Braves' 24th in their last 32 games—dropped them seven and one-half games in back of the Travelers with only seven left to play.

The Travs raked five Shreveport pitchers for 19 hits with winning pitcher Dave Baken- master getting the only extra base blow a two-run double in the ninth.

Lions Club Speaker

— Frank King photo with Star camera
WALTER ALLEN
Urban Development Commission.

At the regular noon meeting of Hope Lions Club Monday at Town & Country, Walter Allen of the Employment Security Division was guest speaker on a program arranged by Paul McClellan.

Mr. Allen explained the public need of a new service by the Employment Security Division by local industry expansion and when outside industry is brought in.

The service is going to sponsor training programs and conduct surveys that will determine what skills are available. A very comprehensive questionnaire will be mailed out and distributed by stores, banks, etc. This is planned to reach the entire labor supply from ages 16 years and up.

Don King, manager of Kroger Store, was introduced as a new member. Guests included Jim Crippen of Goodyear Tire & Supply and Bob Pickard and Mike Kelly of the Housing and

British Offer to Check Irish Report

By FRED COLEMAN
Associated Press Writer
LONDON (AP) — The British government offered today to send a specialist to Northern Ireland to check on reports that many of those exposed to CS riot control gas during the religious rioting two weeks ago are still suffering from diarrhea, vomiting and abdominal pains. Babies particularly here reported affected.

London newspapers seized on the reports, and editorials suggested the police in Londonderry shouldn't have been authorized to use the gas because not enough was known about its effects.

It was the first time the gas had been used in the United Kingdom against rioters. Doctors in Londonderry complained that the authorities were not able to give them the composition of the gas and they were unable to treat victims of it properly.

A spokesman for the British Defense Ministry said a medical officer with experience in chemical warfare agents would go to Ulster if requested by the government there.

He said there was concern in London because the modified tear gas had been used for some 10 years and there had never been reports before of prolonged side effects. CS is used, he said, because the tears, coughing and difficult breathing it causes usually clear up 10 minutes after the victim gets fresh air.

In Northern Ireland, meanwhile, more than 90 per cent of the Protestant special police were reported balking at British army orders to turn in their arms.

Files Writ of Habeas Corpus

LITTLE ROCK (AP) — James Thomas Frazier, serving a seven-year sentence for possessing burglary tools and gambling devices, filed a petition for a writ of habeas corpus Monday in U.S. District Court.

Frazier alleged that the evidence used to convict him was obtained in searches and seizures without a search warrant.

Frazier was convicted July 26, 1967, in White County.

Associated Press Sports Writer
KANSAS CITY (AP) — The Missouri Valley Conference football race may be over as quickly as it starts in 1969.

The reason is simple: Memphis State and North Texas State are several cuts above the other four teams who compete for the championship and they play each other Sept. 27 in the first conference game scheduled.

"We'll find out real soon who's best," Coach Billy Murphy of Memphis State says.

Conference coaches are unanimous in their assessment of the 1969 race: Whoever wins the Memphis-North Texas game should breeze to the MCV championship.

The other four schools—Tulsa, Wichita, Cincinnati and Louisville—all have new coaches trying to install new systems. None appears to be ready to challenge the Big Two, although Cincinnati just might have an outside shot at it.

The Bearcats have Ray Callahan as their new coach, succeeding Homer Rice who went to North Carolina as athletic director. Callahan served the past two years as Rice's assistant, so things are not new to him at Cincinnati.

What is new, however, is not having Greg Cook, the Bear-

cats' brilliant passer of 1968, around anymore. "We hope to have a more balanced attack in 1969, although we think we've got a fine passer in Jim Ouseley," Callahan says.

Cincinnati also returns end Jim O'Brien, the nation's leading major college scorer last year with 142 points.

North Texas State and Memphis State both may have depth problems, but appear solid in front-line performers.

Coach Rod Rust has a premier passer in Steve Ramsey, who can break the NCAA record for career touchdown passes with seven more scoring heaves. He has 46 to his credit in two seasons. The Eagles also have back receivers Ronnie Shanklin and Barry Moore for Ramsey's prime targets, as well as tailback Leo Taylor, who set a school rushing record with 1,017 yards last season.

Murphy's strength at Memphis State appears to be his balance. The Tigers return quarterbacks Dan Pierce and Rick Thorow, plus running backs Ray Jamieson and Jay McCoy on offense and guard Bob Parker and backs Jerry Todd and David Berrong on defense.

Tulsa, Wichita and Louisville are unknown quantities—to their new coaches as well as to the fans.

Vince Carillot takes over from Athletic Director Glenn Dobbs at Tulsa after eight years as an assistant at Michigan State. So depleted was the talent at Tulsa that Carillot had to recruit 23 junior college transfers, some-

thing he vows he doesn't like. One of his best transfers is tailback Josh Ashton.

New Wichita Coach Ben Wilson, an assistant at Virginia the past four years, inherited a team that has lost 11 games in a row and 17 of its last 18. However, he feels spirit is good and there is hope for the future.

Former U.S. Naval Academy assistant Lee Corso, the new coach at Louisville, said he spent his spring practice time finding out who could play and "where the who's should play."

Students Quit 'Bloody Mama' Movie Set

BATESVILLE, Ark. (AP) — Four Arkansas College students and six Batesville residents who had bit parts in the movie "Bloody Mama" walked off the job when it "really started getting gross," the group's spokesman said Monday.

Johnny Housley said the nudity scenes were "in excess." "There is no motivation for most of the nudity," said Housley, a student at Arkansas College, a Presbyterian school here.

He said "the people of Arkansas are gonna flip" when they see the finished product.

The movie, starring Shelley Winters, is about the Ma Barker gang. Filming began Aug. 12 in Baxter County and moved to Little Rock Monday. Housley said he was under the impression that the Arkan-

sas Industrial Development Commission, which was instrumental in getting American International to film the movie in Arkansas, should be supervising the filming.

Robert C. Milwee, AIDC director, said the movie company was "justified in doing what they think is proper" and that the state could not censor its work.

Congress Has a Primer on Military

8-22-6tc
By ROBERT A. DOBKIN
Associated Press Writer
WASHINGTON (AP) - A sort of primer on military ways is making the rounds on Capitol Hill to help lawmakers studying defense issues.

8-22-6tc
It tells them where to look, who to talk to, and even contains a sample outline for probing defense programs and weapons systems.

8-22-6tc
Entitled "A Guide to Researching Defense Issues" The 11-page annotated bibliography and accompanying outline was prepared by the Democratic Study Group, a block of 140 moderate and liberal House Democrats.

8-22-6tc
"There's a lot more interest in defense than wasn't there a year ago," explained a DSG staff member. The guide got started when several members asked how to go about researching defense issues.

8-22-6tc
"Congressmen are beginning to look for more information than that provided by the Department of Defense," he added. "And, there's the consensus among many that the armed services and appropriations committees aren't asking all the questions that need to be answered."

8-22-6tc
"This just tries to help by pointing them in the right direction," said the staffer, who had a hand in producing the guide. The guide lists, together with a brief, critical comment: -Books, articles, statements and pamphlets it says are useful in developing a general understanding of defense policies. Included is a book by former Defense Secretary Robert S. McNamara, which the DSG guide describes as "not objective, but

Mimics, Unlimited?

Mimicking the famous is, and always has been, a favorite mode of humor. Prince or president, magnate or movie star, anyone in the public eye can expect to see his idiosyncrasies turned into fodder for laughs.

Some are pleased, perhaps on the theory that imitation is the sincerest form of flattery. But suppose the person mimicked is not pleased. Does he have a legal kick coming? As a rule, the answer is no. Whatever anguish he feels is considered one of the penalties of fame. The law gives a kind of

poetic license to the mimic to practice what it calls "a distinct variety of the histrionic art."

However, there are limits. Even the famous are entitled to be shielded against the imitator who goes too far.

For one thing, mimicry must not be used as a device for defamation of character.

"A person shall not be allowed," said a judge, "to murder another's reputation in jest."

For another thing, the mimic—even though telling no lies—must not violate the right of privacy. He must not expose those areas of the person's life that are not "fair game" for public dissection. Thus, revelation of a tycoon's personal peccadilloes, if totally unrelated to his business career, might well be an invasion of his privacy.

What if the mimic uses imitation not for humor at all, but rather to pass himself off as the real thing? In one case, an actor assumed a name and mannerisms similar to those of a famous entertainer, so as to trick audiences into coming to see him.

But a court finally halted him with an injunction, partly to protect the original entertainer, partly to protect the public. As one judge put it:

"First, a man who has a reputation for excellence is entitled to be protected in the reputation thus established; and second, the public should be protected against whomsoever places a counterfeit article on the market in the likeness of the genuine."

Pass	Pass	Pass	Pass
Opening lead—♠ 4			

A letter from Montreal discusses baseball and the Montreal "Expos" for awhile and then turns to luck in duplicate. It seems that in a recent duplicate our correspondent arrived at a normal four-spade contract. West made the generally bad opening lead of a singleton trump but East's trump holding was impregnable and the writer had no way to bring in 10 tricks.

At other tables the nine of hearts was led. West would cover dummy's queen with the king. Declarer would win the trick, play out his ace and king of trumps, continue with king, ace and a low diamond which he would ruff.

With diamonds breaking 3-3, declarer would enter dummy with the jack of hearts and lead a fourth diamond. East would ruff right in but South would discard his third heart and wind up losing just two clubs and a trump.

We sometimes want to tell people they can find sympathy in the dictionary somewhere between sucker and syzygy, but we do sympathize with this writer. We would have opened a heart with the West hand without any hesitation but the heart lead should not have let declarer make the game.

Bridge players have been brought up on the rules of "cover an honor with an honor" and "second hand high," but this was a time for neither. All East had to do would be to let dummy hold that first heart trick.

After that play South would be condemned to defeat. He could set up the diamonds but would have no way to get to dummy to lead the fourth and would wind up looking for sympathy just as our correspondent did.

WORLD ALMANAC FACTS

8-6-1mc
Some popular expressions, like "calling a spade a spade," are of unknown origin, the reason for their entry into the language lost without a trace. On the other hand, "minding one's P's and Q's" is traced to an old English alehouse book-keeping method. The World Almanac says. Taverns had slates headed with the letters P & Q to record the number of pints and quarts customers drank on credit.

8-6-1mc
Keeness of Vision Unaffected by 'Floaters'

8-6-1mc
By WAYNE G. BRANDSTADT, M.D.

8-6-1mc
Q—I have chains of bubbles or lintlike particles floating across my field of vision. What can I do for this?

8-6-1mc
A—These so-called floaters are harmless. They do not affect the keenness of your vision. They are silhouettes of loose cells in the thin gelatinous substance that occupies most of your eyeballs. Often after several weeks they may settle in a part of your eye where they will not cross your visual field. No treatment is necessary.

8-6-1mc
Q—Sometimes I have spots before my eyes. My doctor calls them muscae volitantes. What causes them?

8-6-1mc
A—This is a fancy name for the floaters referred to in the preceding question.

8-6-1mc
Q—Does a ruptured blood vessel in the eye mean a slight stroke?

8-6-1mc
A—Hemorrhage into the conjunctiva or any part of the eye, when not caused by a blow, is usually associated with some hardening of the arteries. In this sense it is similar to a stroke, but in a different location as a stroke would occur in the brain.

8-6-1mc
An instrument dated March 12, 1969, was on the 15th day of August, 1969, admitted to probate as the last will of the above named decedent, and the undersigned has been appointed administrator with the Will annexed thereunder.

8-6-1mc
The undersigned was appointed guardian of the estate of the above styled decedent during her lifetime on the 1st day of April, 1969, and in accordance with 57-644 of the Arkansas Statutes, the undersigned proceeds to administer the estate of this decedent.

8-6-1mc
All persons having claims against the estate must exhibit them, duly verified, to the undersigned within six months from the date of first publication of this notice, or they shall be forever barred and precluded from any benefit of this estate.

QUICK QUIZ

BLONDIE

Q—What is the only substance capable of scratching a diamond?
A—A diamond can be used to cut another diamond. The only other material that can scratch a diamond is borazon, an artificial substance first made in 1957.
Q—Who designed the U.S. Capitol?
A—The original plan was drawn by Dr. William Thornton, a close friend of George Washington.

FLAME FIRES
(from page one)

"liberation" organizations with a rallying cry for defense of the Islamic faith.

No matter who or what started the blaze at the site of one of the most holy monuments to Mohammed, it can be blown up into yet another cause for the Arabs.

What Moslems choose to consider the defilement of a sacred shrine can evoke ancient Arab dreams of glory and power and the heroic figure of Salah ad-Din—Saladin—the 12th century conqueror who drove the Christian unbelievers out of holy Jerusalem and restored the city to Islam.

The neo-st thing the Arabs have now to Saladin is President Gamal Abdel Nasser of the United Arab Republic. When crowds at the site of the fire chanted "Nasser-er! Nasser-er!" many may have been yearning for a new hero who once again would drive the unbeliever out of Jerusalem.

Nasser, who came within an ace of being toppled from his lofty perch after the June 1967 debacle of Egyptian arms, has been talking like a new Saladin but an eminently cautious one.

In a speech last month he declared that Arabs were on the verge of a new stage of the "liberation war."

"We, brothers, have resolved to fight to regain our land," he declared. "We consider that this is not only a right but a duty for every one of us."

"Jihad" is defined as a duty in the Islamic faith. But it sounds more ferocious than it really is. The philosophy is elastic, permitting wide latitude in interpretation. Basically the Koran, the Moslems' bible, stresses peace, and Jihad as bloodletting in the name of religion is a last resort. Jihad, indeed, can be performed simply by talking or thinking about it.

While the situation could get out of control, a number of things stand in the way of unified Arab effort against Israel.

For one thing, Arab disunity is chronic. There is only one real unifying factor, and that is the existence of Israel. Otherwise, the area's leadership is laced heavily with mistrust and suspicion.

Russians spent \$2 billion since 1967 re-equipping and retraining Arab forces. Having seen a similar amount of hardware go up in smoke two years ago, Moscow is likely to be more careful this time with its advice.

Nasser has been warning Arabs that there is a long road ahead toward "liberation." Perhaps his Soviet friends are advising him that the road is better long than short. Moscow has plenty to keep it absorbed elsewhere, including its China frontier, and is unlikely to relish a big-power confrontation in the Middle East at this time.

If the new Saladin in Cairo begins sounding too tough, Moscow has the authority, if it chooses, to restrain him.

Billboard Deal Is Just Not Working

By JIM ADAMS
Associated Press Writer

WASHINGTON (AP) — The Nixon administration is going over former President Lyndon B. Johnson's Highway Beautification Act page by page and it's already told Congress the anti-billboard feature isn't working out.

The Federal Highway Administration said Monday its overhaul recommendations, being drafted at the request of the House roads subcommittee, should be ready by October.

The agency would not say how far the recommendations are likely to go.

But Congressional sources are not optimistic the beautification program will survive either the administration or congressional spending-cut mills in recognizable form. Congress passed the measure in 1965 with great fanfare then kept it alive by only one vote last year.

Johnson's proposal, made, it was understood at the urging of his wife Lady Bird, was for a federal-state program which would clear billboards from along federal highways, screen junkyards and beautify roadsides with scenic reststops and landscaping.

The anti-billboard section is aimed at prohibiting advertising signs within 660 feet of federal

highway. Secretary of Transportation John A. Volpe told the Senate roads subcommittee in June it isn't working out.

In states cooperating at all, the provisions had simply led to bigger and "esthetically less enhancing" billboards outside the 660-foot limit, Volpe said.

The provision also gives large motel and other tourist businesses the advantage over small ones, Volpe suggested.

"In many instances, in addition to defeating the purposes of the Highway Beautification Act," he said, "small businesses cannot afford these huge signs and suffer hardships as a result."

Volpe's testimony was pointed to Monday by Rep. Samuel S. Stratton, D-N.Y., who says the anti-billboard section would drive 25 to 35 per cent of all small tourist businesses to bankruptcy.

Stratton said Federal Highway Administration F. C. Turner has since advised him all interests—small tourist businesses as well as conservationists who want billboards torn down—will be considered in the Nixon administration review.

The junkyard screening section is also under some fire.

Critics including Chairman John C. Kluczynski, D-Ill., say there should be some way to remove junkyards from motorists' view, not just put screens around them.

Congress indicated it looked with the most favor on the beautification act's third section—federal aid to help states beautify

8 States Yet to Meet Traffic Requirements

WASHINGTON (AP) — Eight states have yet to meet federal requirements for traffic safety programs. And unless they do, a portion of their federal aid will be cut off next year.

Federal officials have tentatively approved highway safety plans of 42 states, Puerto Rico and the District of Columbia.

Initial plans of five of the eight remaining states have been rejected. Decisions on the other three were postponed pending additional information.

The five are Alabama, Kentucky, Montana, Tennessee and Texas. Maryland, Oklahoma and Washington were asked to submit more data.

Congress called for landmark national standards in the Highway Safety Act of 1966.

The standards were originally to take effect this year. But Congress postponed the deadline an additional year to Jan. 1, 1968.

States with unapproved programs will automatically lose their share of federal aid for traffic safety, which amounted to \$39.9 million last year. They also could be docked up to 10 per cent of their federal highway construction funds.

The 16 federal standards range from periodic motor vehicle inspection to mandatory blood tests for motorists charged with drunken driving.

The others encompass motorcycle safety, driver education, modern record keeping for licenses and registration, uniform traffic codes, efficient traffic courts, emergency medical services and pedestrian safety.

Initially states are not required to meet each standard. But they must demonstrate reasonable progress. And they will be re-examined periodically.

A spokesman for the National Highway Safety Bureau said states that have already received tentative approval will almost certainly have full certification for their programs by year's end.

The other eight can still submit the needed information for revised plans to come into compliance, he said.

A move to knock out the whole \$25 million was defeated by only one vote in the House, 167 to 166.

Henry Wheeler Shaw, the American humorist, became famous under the pen name of Josh Billings.

Some Fishing Truth Comes Out of Ananias Club

Variety being the spice of life it's always with a feeling of relief that I slip away from the office and join some fishermen at the restaurant of the Ananias Club's choice.

From the abrasive factual world of a newspaper's printed words and figures to the Never-Never-Land of the Ananias Club is a long mile but a pleasurable one.

Never are the fish quite as big—or as many—as one hears at the Ananias Club, but always there's just enough truth in a fisherman's lie to set it going . . . leaving other wagging tongues to snowball it into a whale.

On Monday I was listening to fishing reports that had been picked up by Capt. Bob Peterson and Arthur Strech. They had heard:

1. Someone had just caught a 27½-pound bass on Narrows Lake.

2. A dead bass just washed ashore on the Narrows weighed 43 pounds.

3. Last Winter, according to report, the Corps of Engineers was worried about the possibility of cracks developing in Narrows Dam because of high water, and sent divers into the depths at the base of the dam to investigate. But the divers came up in a hurry, frightened, so the story goes, "because we ran into fish bigger than we are."

While listening I was entranced by the Ananias Club spiel, but back at the office this morning my reporter's natural instinct sensed a challenge and I got on the telephone to Murfreesboro.

The man I talked to was Frank Bray, who runs the Sportsman's Headquarters in Murfreesboro. Frank, incidentally, is a brother of Warren Bray, vice-president and general manager of Southwestern Bell Telephone Co. in Arkansas.

Frank separated fact from fiction, as follows:

1. About that 27½-pound bass—it wasn't recent, and it wasn't caught. . . it was run down. And it wasn't quite as big as reported. Frank explained it this way: A land-locked striped bass weighing 23 pounds 3 ounces was crippled by a boat in Cowhide Bay Labor Day a year ago, was found by some fishermen and turned over to Frank. He had it mounted and it hangs in his Murfreesboro store to this day.

2. As for the 43-pounder that was washed ashore dead—it really happened. But the weight wasn't 43—it was 30 pounds. Frank actually saw the fish after its recovery in Big Six Cove in July 1968. He said it was 32 inches long and had a girth of 30 inches. "I tried to make a picture," Frank added, "but the flash wouldn't work. Nothing actually wrong with the flash—I was just too excited."

Frank Bray said Sportsman's Headquarters in Murfreesboro has gotten out a brochure pointing up the probability of spectacular fishing on the Narrows in the future—due to the introduction of land-locked striped bass on a major stocking scale. Thirty-three of these fish were introduced to the Narrows 12 years ago, he said, and as early as 1963 G. B. (Peanut) Hughes of Hope hauled in one weighing 20 pounds.

Two years ago 5,000 more were introduced. And last year an additional 30,000 went into the Narrows. It sounds like the exciting years are just ahead.

Don't tell me I've forgotten something. I haven't—I was just saving it for the end.

3. About those divers at the bottom of the dam being frightened by fish bigger than themselves. . .

I didn't ask Frank about that yarn.

Nor did I telephone the reservoir manager at the dam.

I could have—but to tell the truth, I didn't want to.

It was a beautiful yarn—and I wanted to keep it that way. Which just goes to prove that if you hang around a crowd of fishermen long enough you'll join the Ananias Club and go along with them to the Never-Never-Land.

Tropical Storm Eve Is Building

By THE ASSOCIATED PRESS
Tropical storm Eve built toward hurricane intensity off the Florida coast today while repair work and the search for bodies continued in the areas ravaged by a lethal predecessor, Camille.

Eve was born in a tropical depression off Daytona Beach and scout planes encountered winds up to 60 miles an hour Monday night.

Forecasters said Eve, "young but active," probably would develop into the Atlantic season's fourth hurricane, but posed no immediate threat to any land mass.

A close alert was nevertheless counseled along the mid-Atlantic coast and in Bermuda.

Dr. Robert Simpson, chief of the National Hurricane Center at Miami, said further intensification was expected to occur, approaching hurricane intensity of 74 mile-an-hour winds during the day.

Financial help continued to pour in for victims of Camille's 190-mile-an-hour winds and crashing tides in Mississippi and Louisiana, and related floods which swept across Virginia.

The over-all death toll in the three states was estimated at not less than 276.

In Virginia, the James River returned to normal today as the flood toll reached 76 with 111 persons still missing. State officials said estimates of property damage have reached "a conservative" \$132.4 million.

Virginia Gov. Mills E. Godwin Jr. planned to meet with state officials today in an effort to set more exact figures on the flood's costs in lives and dollars. Richmond's flood damage was estimated at \$9 million. Gasoline which had leaked from a partially submerged storage tank was washed from sewers and into the James River Monday, eliminating fears of a major explosion.

Along the Mississippi Gulf Coast, the search continued for those killed by Camille. But the main concern was for the living. The U.S. Department of Housing and Urban Development said it had leased sites capable of accommodating 1,000 trailers to house homeless refugees in Biloxi, Gulfport, Blount Beach and Pass Christian.

New L.R. Chief to Be Named

LITTLE ROCK (AP) — The Little Rock Civil Service Commission says it hopes to name a new police chief Wednesday to succeed R. E. Briens, who has resigned effective Sept. 1. The commission interviewed 12 applicants Monday.

Trying to Raise Young Girls Nowadays Is an Ordeal in Miniskirts

By HAL BOYLE
NEW YORK (AP) — One of life's little ordeals is trying to raise a teen-ager today. Particularly if it's one in miniskirts.

Anyone who does the job successfully certainly deserves applause from a grateful neighborhood and medals from an indebted government.

Bringing up children in the old days didn't take too much trouble. They were seen and not heard; if you told them to do something they did it—or so the legend now runs—and by the time they were 12 or so they started doing outside jobs and bringing fresh money into the family.

The shoe is on the other foot now.

Parents are supposed to be seen—when needed—and not heard. They are supposed to do what they are told, and it costs so much to raise kids today that Pop often has to resort to moonlighting in order to meet the bills.

We are told much of "the generation gap" and that we must try to bridge it. How? A grown-up can't bridge it alone, and the younger generation don't want it bridged. They like that gap. They feel it keeps adults in their place.

Have you tried to talk to a

California Seminars Planned on How to Cope With Disorders

By RALPH DIGHTON
Associated Press Writer
LOS ANGELES (AP) — Law enforcement officials will hold tightly guarded seminars next week to tell California school administrators what is known about campus militants' plans for this fall—and how to cope with them.

"Most administrators have a monumental void of information on their authorities and responsibilities during periods of unrest," said Evelle J. Younger, district attorney of Los Angeles. "This is not criticism—they just haven't been trained to handle violence."

The administrators will be briefed in two areas: what the law is concerning campus violence, and what has been learned about the detailed tactics and plans of the militants.

Experts from the Los Angeles police department, the sheriff's office, Younger's department and the California State College department will conduct the sessions.

"Some administrators seem to think the campus is a sanctuary, that police can't be called

Skies to Stay Generally Cloudy

By THE ASSOCIATED PRESS
Skies should remain generally partly cloudy to occasionally cloudy through Wednesday with little change in temperatures. The U.S. Weather Bureau said today.

A weak upper low over Texas and Oklahoma panhandle area spread showers eastward and southeastward Monday. These would reach into Western Arkansas by Wednesday night or Thursday.

High readings around the state Monday ranged from the low to mid 80s in the north central section to around 90 in the extreme south.

Low tonight is expected to be in the 60s and low 70s. Over-night lows included 63 at Fayetteville, 66 at El Dorado and Harrison, 67 at Little Rock, 68 at Fort Smith, 69 at Jonesboro and Pine Bluff, 71 at Memphis and 72 at Texarkana.

Three Charged in Rape Case

FORREST CITY, Ark. (AP) — Prosecutor Lloyd Henry Monday filed rape charges against three Negroes in connection with an assault on a 15-year-old St. Francis County girl.

Charged were Marvin Hicks, 17, and Jim Johnson, 19, both of Forrest City, and Maurice Sanford, 17, of Detroit, Mich.

in when laws are broken," said Younger, who is chairman of President Nixon's Task Force on Law and Order. "I feel that it is in the interest of the community, the school and the administrators themselves to inform them that assault and arson are no different on the campus than they are on Main Street."

"We also plan to tell the administrators what we know—and we know quite a great deal—about the plans the militants have for various schools."

"We have intelligence information that a lot will depend on how the administrator reacts when trouble starts. If he acts promptly in calling police, if there is an immediate but reasonable show of force, there's a good chance no further trouble will develop."

Younger calls the seminars "the first attempt in the nation to educate the educators on the law on such a large scale." He expects the seminars to draw more than 150 Los Angeles County school administrators. High school officials are scheduled for Sept. 3 and college officials for Sept. 5.

Pentagon Money for a Study of Dreams and Sleep May Be Cut Off

By WALTER R. MEARS
Associated Press Writer
WASHINGTON (AP) — The Pentagon may lose millions of dollars in research projects because of a new Senate ban on outlays for military studies of such subjects as sleep and dreams and how to create a consensus.

The measure sponsored by Senate Democratic Leader Mike Mansfield of Montana is aimed at Pentagon research in areas which have scant bearing on the military's job.

The provision was adopted almost unopposed on Aug. 12 as Congress hurried toward its summer recess.

In operation, the impact of the Mansfield measure may be great. It declares that none of the \$20 billion authorized in the defense spending bill still before the Senate may be used for any research unless it has "a direct and apparent relationship to a specific military function or operation."

Mansfield maintains that such research, most of it conducted in colleges and universities, should be funneled through agencies other than the Pentagon if it is to be federally financed.

Explaining his measure after it had been adopted, Mansfield

Convention Has Desire, Etter Says

The changes in all levels of government from state down to municipal are the most important made by the Constitutional Convention, according to the delegate from Hempstead County, William H. Etter of Washington made this observation in response to questioning last week.

Etter, a Washington businessman and member of the Convention's County Government Committee, also said that the general attitude of the delegates, in his opinion, had been a "desire to present a modern document to the people of the state."

In response to two other questions, he said that the Convention had met his expectations of what it would be and that the new constitution would be better than the present 1874 document.

War Claims 2 Arkansans

WASHINGTON (AP) — The Defense Department said Monday that two Marines from Arkansas had been killed in action in the Vietnam war.

They were identified as Marine Lance Cpl. Benny B. Parker, son of Mr. and Mrs. Gerald C. Parker of Route 2, Brinkley, and Marine Corps Pfc. Jerry J. Curtis, son of Mr. and Mrs. George H. Curtis of Route 3, Camden.

Flame Fires Indignation of the Arabs

By WILLIAM L. RYAN
AP Special Correspondent

Once again, as it has so many times in the 13 centuries of Islam, the cry for Jihad—holy war—echoes shrilly in the Arab East.

The flames which last week scarred the ancient Al Aksah Mosque in Jerusalem have fired Arabs' religious indignation. There is an impression abroad that a new sort of situation, a dangerous one, is building up.

Is another all-out war imminent?

In a sense the 1967 "lightning" war never ended. It has been going on in various forms such as guerrilla warfare, psychological, propaganda and political conflict. There have been two years of raids, hit-and-run attacks, reprisals.

There are some yeasty ingredients present in the current situation suggesting that it could pass beyond the control of the leaders.

The Al Aksah fire provides such elements as the today, who are the guerrilla fighters of the

See FLAME FIRES

(on page eight)

noted that the Defense Department has been financing more research at colleges and universities than has the National Science Foundation.

Even in basic research, which by definition is not closely linked to any specific problem, the Pentagon has been outspending the National Science Foundation.

"What has happened is that research has ridden on the coat-tail of military appropriations simply because that money was easy to obtain," Mansfield said.

Mansfield put into the Congressional Record a list of 280 Defense Department research projects in the field of behavioral and social sciences.

Those projects cost a total of \$14.8 million during a two-year period beginning on July 1, 1966.

Among the items he deemed inappropriate for Pentagon financing:

—A \$200,000 study entitled "psychological processes of the central nervous system."

—"An experimental study of the development of consensus," which cost \$21,000.

—A \$50,563 Army outlay for "sleep and dream research."

—The \$43,000 spent by the Navy to study "techniques for improving human memory."

The Mansfield provision was added to an amendment proposed by Sen. J. William Fulbright, D-Ark., which cut \$45.6 million from the Pentagon research budget. Thus it was adopted with no separate vote when the Fulbright amendment was approved, 49 to 44.

Registration at Bodcaw on Oct. 1

Parents of Bodcaw school students are reminded of requirement of first grade pupils that must be taken before they can enter school on October 1. School will actually open on August 27. Birth certificates must be presented at the time of registration. All students are required by law to be vaccinated for smallpox, polio, diphtheria, tetanus, whooping cough and measles.

Registration on Aug. 27 starts at 9 a.m. Buses will run early enough to start registration at 9 a.m. and return students home by 11 a.m. Regular school starts the following day and lunches will be served.

The faculty includes: (elementary) Mrs. Thelma Polk, Mrs. Ruth Tyler, Mrs. Charles Warren; High School, Harry Stephens, principal and math; James Hastings, agriculture; David Fricks, coach; Mrs. Travis Englund, home economics; Mrs. Ardis Butler, english and library; Mrs. Nathan Butler, business and social science; Travis Hardaway, supt. and driver's education.

Average American Pays \$338 Annually in State and Local Taxes

CHICAGO (AP) — Americans paid \$67.5 billion in state and local taxes in 1968—an average of \$338 a person—a survey showed today.

The study was made by the Commerce Clearing House, an organization which compiles reports of legislative activities concerning taxes and business. Some of its other findings:

Per capita state and local tax burdens ranged from \$200 in Arkansas to \$503 in New York. Indiana was the only state in which the state-local tax burden did not rise. It dropped \$3.

The average figure of \$338 per person represented a 29 increase from fiscal 1967; the total \$67.5 billion paid was \$6.3 billion higher than in 1967.

New York's average of \$503 topped the \$500 mark for the first time. Another first: no state had a per capita tax burden of less than \$200.

Increases ranged from \$1 in Arkansas to \$74 in California. Eight states—Colorado, Delaware, Kansas, Mississippi, New Mexico, Oklahoma, Oregon and South Dakota, Nebraska, Kansas—showed less than \$10.

Four states in addition to New York were over \$400—California \$488, Nevada \$429, Hawaii \$421 and Wyoming \$405.

New York collected \$9.1 billion, California \$9.4 billion—making up 27 per cent of the total tax take. Illinois, Michigan and Pennsylvania collected more than \$3 billion; Massachusetts, New Jersey, Ohio and Texas more than \$2 billion.

Here is a breakdown on other per capita state-local taxes:

More than \$350: Massachusetts, Minnesota, Wisconsin, Washington District of Columbia, Michigan, Maryland, Connecticut, Iowa, Colorado, Vermont.

More than \$300: New Jersey, Delaware, Montana, Alaska, Arizona, Rhode Island, Illinois, South Carolina—showed increases of less than \$10.

More than \$250: Pennsylvania, Florida, New Mexico, Louisiana, Ohio, Maine, Missouri, New Hampshire, Virginia, Oklahoma.

More than \$200: West Virginia, Georgia, Texas, North Carolina, Tennessee, Kentucky, Alabama, Mississippi, South Carolina, Arkansas.

Dismissal Is Halted by Suit

LITTLE ROCK (AP) — The state Liquefied Petroleum Gas Board was enjoined Monday from firing Director Harry D. Burns pending a decision in a suit challenging his July 21 dismissal by the board.

Guy Amsler, retired state Supreme Court justice presiding as special chancery court judge in the case, made the decision and indicated that he would set the case for trial on its merits.

Burns contends that the board arbitrarily fired him without giving him a public hearing.

Amsler also overruled a motion by the board to dismiss Burns' suit. The attorney for the board said the board would appeal to the Supreme Court.

All Around Town

The Nevada County Fair will start September 16 and will continue through September 19. . . there will be a downtown parade in Prescott the opening day.

David McMoran, formerly of Hope, has returned from a tour of duty with the U.S. Army in Germany and arrived here Sunday for a few days visit with his grandparents, Mr. and Mrs. George Hughes. . . he plans to resume his college studies in California and has enrolled for his junior year before returning to the West Coast.

The 117 pound Hope watermelon that was presented to Bob Hope was auctioned off at the Camille Hurricane for \$800. . . it was redonated and brought another \$1,000. . . thus a total of \$1,800 was netted for Camille victims.

Harry Cagle informed Hope Star that the employees of Mr. H.E. Enlow, developer of Hope

Phantom F4 Lost Over N. Vietnam

By THE ASSOCIATED PRESS

Israel has threatened the Arabs with more retaliation for sabotage Monday night as the Arab nations move closer to a summit meeting to discuss the situation in Jerusalem.

SAIGON (AP) — The U.S. command disclosed today that a Marine F4 Phantom fighter bomber was lost over North Vietnam last Tuesday while escorting a reconnaissance plane. The two crewmen are missing.

It was the first American plane reported lost over North Vietnam since June 5 and sixth since U.S. bombing of North Vietnam halted last Nov. 1. Although the bombing stopped, regular reconnaissance flights have continued.

The U.S. Command said the plane "was reported missing while escorting an unarmed RF4 reconnaissance aircraft near the demilitarized zone."

A spokesman said other planes in the flight saw no evidence of enemy action and the loss was attributed to "unknown causes."

Announcement of the loss was delayed while a search was under way for the two missing fliers. But the U.S. Command said no trace of them or of the plane had been found, and the search had been discontinued.

Meanwhile hard fighting broke out again Monday in the rolling foothills southwest of Da Nang, and military spokesmen said at least 138 North Vietnamese and 12 Americans had been killed and 97 Americans wounded.

The fighting flared up again less than two miles from Hiep Duc, a district capital 32 miles southwest of Da Nang which Army Secretary Stanley R. Resor visited Monday. Military spokesmen said Resor got within six miles of the fighting and the "usual security precautions were taken."

Two companies of U.S. Marines from the 6th Regiment were hit hard when they came under heavy machine-gun and rifle fire while sweeping a ridge.

Eleven Marines were killed and 41 wounded in the fighting, which lasted from early afternoon until "the remaining enemy withdrew under cover of darkness," U.S. headquarters said.

It added that enemy losses were not known yet.

Meanwhile, 10 miles to the southwest, a reconnaissance patrol from the 196th Light Infantry Brigade flushed another North Vietnamese force, and about 250 American infantrymen battled them for two hours.

The U.S. Command said 74 enemy were killed, many of them by artillery and helicopter gunships, while American casualties were one killed and 49 wounded.

U.S. headquarters said soldiers of the 196th Brigade killed 12 more North Vietnamese in another small skirmish in the area, seven of the Americans were wounded.

Meanwhile, Resor made a brief helicopter trip from Hiep Duc to a mountain-top American patrol base nearby called Landing Zone Center and there met Lt. Col. Robert B. Bacon of Falls Church, Va., commander of a battalion of the 196th Brigade, and his executive officer, Maj. Richard Waite of Reynoldsville, Pa.

The enlisted men in one of Bacon's three companies, after five days of hard fighting and heavy losses, had refused on Sunday to move out once more against the enemy. But gwalte and Sgt. Okey Blankenship of Panther, W. Va., visited them, and after some tough talk from the sergeant, the GIs picked up their rifles and went back into action.

Man Held on Narcotics Charge

LAKE VILLAGE, Ark. (AP) — Gary Bradford Cone, 19, of Lake Village has been charged with possession of narcotics after a State Police raid on a residence near Lake Village Monday in which troopers seized two decks of raw gum opium and more than eight pounds of marijuana.

Sgt. H. H. Atkinson of the State Police said it was the first time opium had been found in Arkansas.

Cone was reported to have recently returned home from Vietnam.

The Country Music Jamboree will be held each Second night of the month at the Patmos school. . . the next one is scheduled for 8 p.m. on Saturday, Sept. 13.
